

## TEOXANE Laboratories are celebrating 10 Years of innovation, independence and search of excellence

TEOXANE Laboratories were established in Geneva, Switzerland, in 2003 and are specialized in the design and manufacture of hyaluronic acid-based dermal fillers and cosmetic products.

Thanks to their expertise, the high quality of their products and their proven efficacy, TEOXANE Laboratories have achieved outstanding growth levels in a short period of time. Today, they are ranked among the **top three hyaluronic acid-based dermal fillers manufacturers worldwide**. While **maintaining their status as an independent company**, TEOXANE Laboratories are operating in over **80 countries** with **5 million syringes injected to date**. The **pursuit of excellence, embedded in the DNA of TEOXANE**, is what has been driving TEOXANE since the beginning in order to reach patients' satisfaction and earn partners' trust.

The strength of TEOXANE is to have integrated the R&D department and the production unit, thus mastering research and completely monitoring the manufacturing processes. TEOXANE Laboratories invented and patented the **Resilient Hyaluronic Acid™ technology**, integrated **anesthetic** in their dermal fillers, and developed a **new generation of skin redensification and eye-circle dedicated gels**. The R&D team brings scientific excellence to deliver pioneering products, driven by the reactivity of the multi-tasking marketing and export teams. In addition, TEOXANE established a very strict quality system and made sure to conduct all necessary **clinical trials** to guarantee the high efficiency, safety and durability that distinguish their products.

The outcome is the **creation of innovative products with constant quality**. TEOXANE Laboratories provide the **latest, safest and most efficient hyaluronic acid-based dermal fillers** that enable practitioners to efficiently **enhance the skin, fill all kinds of wrinkles and restore volume with natural results**. Additionally, TEOXANE offers a **complete dermal fillers range** (16 references, with and without lidocaine) **customized for each indication**. **Teosyal® portfolio** is divided into families, gathering products with similar treated areas and indications: **The Enhancers, The Essentials, The Volumizers and The Specifics**.

TEOXANE ambition is to make the beauty of the skin reflect the youth of the soul

The ultimate goal of TEOXANE is to remain close to its patients, **anticipate trends** and **fulfil their needs with a global care** which combines the Teosyal® Fillers range and the Teosyal® Cosmeceutical range.

At TEOXANE Laboratories we believe that "looking younger" is not the end in itself: it is the **best way to remain confident in your skin and confident in your life**.
